Mobile: +91 7204572822 | Email: nissar005@gmail.com

---

### PROFESSIONAL SUMMARY

Result-oriented Software Testing Engineer with hands-on experience in Manual and Automation Testing. Proficient in developing TestNG frameworks from scratch, automating test scripts, and identifying automation defects. Having knowledge of Java, Selenium, and various testing tools, complemented by effective communication and presentation abilities.

---

### TECHNICAL SKILLS

- **Automation Framework Development:** TestNG, Selenium WebDriver, Core Java.
  - **Testing Tools:** Eclipse IDE, JIRA, Excel [For Manual Testcases].
  - **Automation Expertise:** Handling dynamic web elements, relative XPath.
  - **Additional Skills:** Test case management, UI Automation, defect tracking.
  - **Soft Skills:** Complex problem-solving, excellent oral and written communication, presentation skills.
  - **General Tools:** MS Office, Outlook.
  - **Additional Basic Knowledge Tools:** UiPath RPA, Jenkins, Git, Postman, JMeter.
- 

### CERTIFICATIONS

- Certified Software Testing Professional (Manual & Automation) - QEdge Technologies
- 

### PROFESSIONAL EXPERIENCE

#### Automation Test Engineer

IST Technology | *Freelance Project*

- Developed and executed functional and regression testing using Selenium and Core Java.
  - Built automation frameworks to ensure modularity and reduce redundancy.
  - Collaborated with cross-functional teams, including project managers and developers, to define testing requirements.
  - Utilized JIRA for web-based project management and issue tracking.
  - Created generic solutions and technical strategies to address complex automation challenges.
  - Provided advanced troubleshooting support for maintenance teams.
-

## **PROJECT HIGHLIGHTS**

### **E-Commerce Web Application Testing**

- Written Testcases in Excel from the beginning of the project.
  - Designed and developed a TestNG framework from scratch for comprehensive automation.
  - Scripted Generic Methods in Base Package for reusability of functionalities.
  - Used Extent Reports.
  - Conducted thorough manual and automation testing to ensure application functionality and performance.
- 

## **EDUCATION**

### **Bachelor of Engineering in Computer Science [VTU]**

Ballari Institute of Technology & Management, Ballari, Karnataka

Graduated: 2018

---

## **ACHIEVEMENTS**

- Recipient of multiple awards, including Super Star and Silver Star recognitions, for exceptional performance.
  - Freelanced in developing academic and mini-projects for engineering students.
  - Actively participated in team-building activities, quizzes, and music events.
- 

## **DECLARATION**

All information provided is true to the best of my knowledge.
